By Foot

From Paddington – Praed Street

Standing on Praed Street with Paddington Rail Station behind you turn left and immediately left again onto London Street. Follow this street as it bends right then left and just after the next sharp right hand corner just before St Mary's Hospital turn left down a cobbled alleyway signposted Paterson Cabin/The Bays. Continue down here and after passing Paterson Cabin keep an eye out for a turning on your right signposted Paddington Basin/West End Quay. Follow this new alleyway round and you will see the water of Paddington Basin ahead of you. Straight ahead on the other side of the basin you will see a black and green barge – this is us. To reach the barge however you will need to walk over the footbridge on your right and double back to us when you reach the other side.

From Edgware Road – Bakerloo Line

Exit Edgware Road station and turn left. Walk underneath A40 and then take the next right onto Praed Street. When you reach a turning on your right, Harbet Road, turn half-right and walk through the archway between Carphone Warehouse and Headmasters hairdressers into Paddington Basin. Keep to your right to head along the righthand side of the waterway. Keep going for 150 metres until you walk under a footbridge and then on your left you'll see a black and green barge – you have found us!

Edgware Road – District, Circle and Hammersmith City

Exit Edgware Road station and walk straight ahead along Chapel Street. Cross straight over Edgware Road (A5) along Praed Street. When you reach a turning on your right, Harbet Road, turn half-right and walk through the archway between Carphone Warehouse and Headmasters hairdressers into Paddington Basin. Keep to your right to head along the righthand side of the waterway. Keep going for 150 metres until you walk under a footbridge and then on your left you'll see a black and green barge – you have found us!
